

**You can make a difference in Nebraska by completing the  
Nebraska Planning Council on Developmental Disabilities survey.**

The Nebraska Planning Council on Developmental Disabilities believes that all people with disabilities should be supported to live in their communities. To stay focused on our mission, every five years the Council identifies ways to make a positive difference in the lives of those with developmental disabilities and their families. Please help us plan our work supporting people with developmental disabilities to be included and to meaningfully participate in all aspects of life.

*If you already completed this survey in June, no additional action is necessary. Thank you for your time to provide us with this valuable information!*

**Please go online (<https://www.surveymonkey.com/s/DDNeeds2015>) or complete the attached  
survey by August 5<sup>th</sup>!**

**It should take 15-20 minutes to complete.**

**Thanks so much for providing your feedback.**
